FOR IMMEDIATE RELEASE

**RRSAT RANKED AMONG TOP TELEPORT OPERATORS FOR
2008 BY WORLD TELEPORT ASSOCIATION**

RRsat Ranked Among Top Twenty Teleport Operators in All Three Categories

OMER, Israel – November 26, 2008 – RRsat Global Communications Network Ltd. (NASDAQ: RRST), a rapidly growing provider of comprehensive content management and global distribution services to the television and radio broadcasting industries, announced today that the Company was ranked among the Top Teleport Operators for 2008 by the World Teleport Association. RRsat was ranked among the top 20 teleport operators in all three award categories – 'the Global Top Twenty', 'the Independent Top Twenty' and 'the Fast Twenty'.

The World Teleport Association compiles the *Top Teleport Operator* rankings by surveying teleport operators around the world on their facilities, services and business results. *The Global Top Twenty* ranks companies based on revenues from all customized communications sources and includes operators of teleports, satellite fleets and fiber networks. *The Independent Top Twenty* ranks companies based on revenue from all sources, but excludes companies whose core business is ownership and operation of a satellite fleet or terrestrial network. These twenty companies have a proven track record and commitment to innovation and providing value-added services. *The Fast Twenty* ranks all teleport-operating companies based on year-over-year revenue growth in their most recent fiscal years.

David Rivel, RRsat's Founder and Chief Executive Officer, commented on the prestigious ranking in all three categories stating, "I am extremely proud and honored that RRsat, after many years of rapid growth and expansion, was ranked among the top 20 teleport operators in all three categories. This is a true testament to our commitment to our customers as well as to our ability to build a true global leader in the forefront of innovation, technology and service. I would like to express my gratitude to all the dedicated managers and employees of the Company for bringing us to where we stand today, ranked by the respected World Teleport Association, and part of a very prestigious group of some the industries' most prominent players."

About RRsat Global Communications Network Ltd.

RRsat Global Communications Network Ltd. (NASDAQ: RRST) provides global, comprehensive, content management and distribution services to the rapidly expanding television and radio broadcasting industries. Through its proprietary "RRsat Global Network," composed of satellite and terrestrial fiber optic transmission capacity and the public Internet, RRsat is able to offer high-quality and flexible global distribution services for content providers. RRsat's comprehensive content management services include producing and playing out TV content as well as providing satellite newsgathering services (SNG). RRsat concurrently provide these services to more than 425 television and radio channels, covering more than 150 countries. Visit the company's website www.rrsat.com for more information.

Safe Harbor Statement

This press release contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, including statements regarding (i) the growth of our business, (ii) our expectation to expand our client base and sell additional services to our existing client base, (iii) the scope of the services we expect to provide and (iv) our ability to report future successes. These forward-looking statements involve known and unknown risks and uncertainties and are based on current expectations, assumptions, estimates and projections about the companies and the industry as of the date of this press release. The company undertakes no obligation to update forward-looking statements to reflect subsequent occurring events or circumstances, or to changes in its expectations, except as may be required by law. Forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those contemplated by the forward-looking statements, including the risks indicated in our filings with the Securities and Exchange Commission (SEC). For more details, please refer to our SEC filings and the amendments thereto, including our Annual Report on Form 20-F for the year ended December 31, 2007 and our Current Reports on Form 6-K.

Information in this press release concerning the World Teleport Association and the Top Teleport Operators for 2008 Awards was taken from the World Teleport Association's press release announcing the results of the awards, and has not been independently verified by RRsat.
